I hold my breath as this life starts to take its toll I hide behind a smile as this perfect plan unfolds but oh, God, I feel I've been lied to lost all faith in the things I have achieved and I G# I've woken now to find myself Eb in the shadows of all I have created G# I'm longing to be lost in you (away from this place I have made) won't you take me away from me G Crawling through this world as disease flows through my veins I look into myself, but my own heart has been changed I can't go on like this I loathe all I've become [Chorus] С Lost in a dying world i reach for something more I have grown so weary of this lie I live [Chorus]
