

NOTICE

The chords of this song are very easy, EC plays the *E* in a *D* shape on the 4th fret and all the other chords as bar chords so no open strings, he also uses his classic "thumb over neck" for bass strings on bar chords. He is using a Martin 00028EC guitar EC signature model which you can buy for around £6,000 but there were only 500 made and only a handful in Britain, there is one on sale at Kingfisher Music in Fleet.
