D# :-----
A# :-----
D# :-----

Interlude:
after the guitar starts to feedback go into this
>>>>fade>>>> >>>>fade>>>>

E# :-----
B# :-----
G# :--555555555555-----
D# :----- end on the c#5 with a PM
A# :--333333333333----555555555555--
D# :-----000000000000--

Outro is just Wes messin around with that scale with alot of reverb and delay.

Thats the best i can do. this song has a weird beat and its hard to tab.
