```
Am
Mine, immaculate dream,
Made of breath and skin,
      Em
I've been waiting for you,
Signed with a whole tattoo,
С
Happy birthday to you,
      Em
Was created for you.
Am
I cant help but keep from falling apart,
At the seams,
Am
I cannot believe their taking my heart,
       G
Into pieces
Am
Ohh it might take a little time,
Might take a little crime,
      Em
To come undone,
Now we'll try,
To stay blind,
           Em
To the hope and fear outside,
                G
Hey child, stay wilder than the wind, can blow me in,
Am
To crime,
Who do you need,
Who do you love,
```

F

Am When you come undone.
