

And I would turn on the TV  
but its so embarassing  
to see all the other people  
i don't know what they mean  
and it was magic at first  
when they spoke without sound  
but now this worlds gonna hurt  
you better turn that thing down  
turn it around

well it wasn't me says the boy with the gun  
sure i pulled the trigger but it needed to be done  
because lifes been killing me ever since  
you can't blame me cause I'm too young

well you can't blame me,  
sure the killer was my son  
but i didn't teach him to pull the trigger of the gun  
its the killing on the tv screen  
you can't blame me  
its those images he sees

well you can't blame me says the media man  
well i wasn't the one who came up with the plan  
and i just point my camera at what the people wanna see  
man its a two way mirror and you can't blame me

you can't blame me says the singer of the song  
and the maker of the movie which he based his life on  
its only entertainment as anyone can see  
its smoke machines and makeup man  
you can't fool me

it was you, it was me, it was every man  
we've all got the blood on our hands  
we only receive what we demand  
if we want hell then hell is what we'll have

And I would turn on the TV  
but its so embarassing  
to see all the other people  
i don't know what they mean  
and it was magic at first  
when they spoke without sound  
but now this worlds gonna hurt  
you better turn it around  
turn it around
