

Intro: *G D A*

*G D A*

Hey Babe, it's me parked outside your house,

*G D A*

I know that he's asleep, so listen to me now,

*G D A*

Darlin', I'm tired of living just in your dreams, I'm getting out,

*G*

You know we both sold our souls,

*D C A*

We're just growing old in this sleepy dead-end town,

Chorus:

*Em C*

Destination Anywhere,

*G D*

Name the place and I'll be there,

*Em C D*

Pack a bag and we're outta here - let's run

Bridge:

*G*

When these wheels spin, they can all our dust,

*Em D*

As far as I'm concerned, this whole town lost its nuts,

*Em C*

We won't be here when they put us down,

*G D*

It's our big chance and I'm calling you now,

NC - (keyboards + piano part)

They'll never let us go unless we try

I'm tired of living just to die,

We're getting outta here, destination anywhere
