

Am *C*
i've been running, i've been having fun

E
but i don't know what it means

Am *C*
i've been trying, i've been dying to

E
but i don't know what it means

Am
i've been down down down down down

C *E*
but i don't know what it means (2x)

i rest my case, but i don't wanna run the race
i've been losing you the way i'm loving you
but i don't know what it means
i've been down down down down down
but i don't know what it means (4x)

i've been trying so hard to come to peace
but i don't know what it means
my shelter is a shield
but i don't know what it means
i've been down down down down down
but i don't know what it means (4x)
i've been trying so hard to be myself that i've turned into somebody else
i'm in denial or so it seems
but i don't know what it means
