Intro: F G C

When you find yourself
In some far off place
              С
And it causes you to rethink some things
You start to sense that slowly
      С
You're becoming someone else
              G
And then you find yourself
When you make new friends in a brand new town
And you start to think about settlin' down
                      G
The things that would have been lost on you
      С
Are now clear as a bell
And you find yourself
             С
Yeah that's when you find yourself
Where you go through life
So sure of where you're headin'
And you wind up lost and it's
The best thing that could have happened
                           Am
'Cause sometimes when you lose your way it's really just as well
Because you find yourself
Yeah that's when you find yourself
