

*Eb*            *Bbm7*            *Ab*  
I am the one who guided you this far  
          *Bb*    *Gm*    *Dm*  
All you know and all you feel  
*Em*            *Am*  
Nobody must know my name  
          *Dm*            *Ab*            *Eb*  
For nobody would understand and you kill what you fear  
          *Bbm7*            *Ab*  
I call you for I must leave  
          *Bb*    *Gm*    *Dm*  
You're on your own until the end  
          *Em*            *Am*  
There was a choice but now it's gone  
          *Dm*            *G*            *Fmaj7* *Dm*    *A*  
I said you wouldn't understand take what's yours, and be damned
