

B

I can't sleep, everything I ever knew

G#m F# E F#

Is a lie without you

B

I can't breathe, when my heart is broke in two

G#m F# E F#

C#m F#

You're not gone but you're not here

B F# E

That's the way it seems tonight

C#m F#

B F# E

I know that we can make it right

F#

B

I don't wanna fight no more

G#m

I forgot what we were fighting for

E

And this loneliness that's in my heart

F#

Won't let me be apart from you

B

I don't wanna have to try

G#m

Girl to live without you in my life

E

So I'm hoping we can start tonight

F#

How can I leave, when everything that I adore

G#m F#

And everything I'm living for

E F#

Girl it's in you

B

G#m F# E F#

The only dream I ever had is being with you

C#m F#

I know that we can make it right

B F# E

It's gonna take a little time

C#m F#

Let's not leave ourselves with no way out
