

*C9 G D Dsus*

Everytime I think I'm close to the heart

*C9 G D Dsus*

What it means to know just who I am

*C9 G D Dsus*

I think I've finally found a better place to start

*C9 G D Dsus*

Where no one ever seems to understand

*Em C9*

I need to try to get to where you are

*Em C9*

Could it be you're not that far?

Chorus:

*C9 G D*

You're the voice I hear inside my head

*C9*

The reason that I'm singing

*G*

I need to find you

*D*

I gotta find you
