

*Am*

I really want you

I really want you

Verse 1:

*Am*

Many Prophets preach on bended knees

*C*

Many clerics wasted wine,

*F*

Do the bloody sheets and those troubled streets mean?

*G*

I have wasted time,

*Am*

Are there silver shores on paradise?

*C*

Can I come in from the cold?

*F*

I killed a man in a far away land

*G*

My enemy untold

Chorus:

*Am*

I really want you to really want me

But I really don't know if you can do that (really want you)

*C*

I know you want to know what's right

But I know so hard for you to do that (really want you)

*F*

Time's running out as it often does

And often dictates that you can't do that (really want you)

*G*

Fate can't break this feeling inside

That's burning up through my veins...

*C*

I really want you

*Am*

I really want you

*G*

I really want you

*F G*

Now...

*F G*

No matter what I say or do

*C C/B Am*

The message isn't getting through

*F G*

And you're listening to the sound

*C*

Of my breaking heart

*Am*

I really want you

I really want you

Verse 2:

*Am*

Is a poor man rich in solitude?

*C*

Or when mother earth complained

*F*

Did the beggar pray for a sunny day but

*G*

Lady luck for rain

*Am*

They say a million people bow and scream

*C*

To an effigy of gold

*F*

As so life begin

And the ship we're in

*G*

And history unfold

Chorus

*Am*

I really want you

I really want you

I really want you
