

*G D*  
Don't try to make me stay

*Am*  
Or ask if I'm okay

*Em D*  
I don't have the answers

*G D*  
Don't make me stay the night

*Am*  
Or ask if I'm alright

*Em D*  
I don't have the answer

*D Em G D*  
Heartache doesn't last forever

*D Em G C*  
I'll say I'm fine

*D Em G D*  
Midnight ain't no time for laughing

*D Em G C*  
When you say goodbye

*G D*  
It makes your lips so kissable

*Em C*  
And your kiss, unmissable

*G D*  
Your fingertips so touchable

*Em C*  
Your eyes irresistible

*G D*  
I've tried to ask my self

*Am*  
Should I see someone else?

*Em D*  
I wish I knew the answer

*G D*  
But I know, if I go now, if I leave

*Am*  
Then I'm on my own tonight

*Em D*  
I'll never know the answer

*D Em G D*  
Midnight doesn't last forever

*D Em G D*  
Dark turns to light

*D Em G D*  
Heartache flips my world around

*D Em G*  
I'm falling down, down, down,

*D*  
That's why...

*G D*

I find your lips so kissable

*Em C*

And your kiss unmissable

*G D*

Your fingertips so touchable

*Em C*

And your eyes irresistible

*G D*

It's in your lips and in your kiss

*Em C*

It's in your touch and your fingertips

*G*

And it's in all the things and other things

*D Em C*

That make you who you are and your eyes irresistible

*G D*

It makes your lips so kissable

*Em C*

And your kiss, unmissable

*G D*

Your fingertips so touchable

*Em C*

Your eyes irresistible
