

*G D*  
Don't try to make me stay

*Am*

Or ask if I'm okay

*Em D*

I don't have the answers

*G D*

Don't make me stay the night

*Am*

Or ask if I'm alright

*Em D*

I don't have the answer

*D Em G D*

Heartache doesn't last forever

*D Em G C*

I'll say I'm fine

*D Em G D*

Midnight ain't no time for laughing

*D Em G C*

When you say goodbye

*G D*

It makes your lips so kissable

*Em C*

And your kiss, unmissable

*G D*

Your fingertips so touchable

*Em C*

Your eyes irresistible

*G D*

I've tried to ask my self

*Am*

Should I see someone else?

*Em D*

I wish I knew the answer

*G D*

But I know, if I go now, if I leave

*Am*

Then I'm on my own tonight

*Em D*

I'll never know the answer

*D Em G D*

Midnight doesn't last forever

*D Em G D*

Dark turns to light

*D Em G D*

Heartache flips my world around

*D Em G*

I'm falling down, down, down,

*D*

That's why...

*G D*  
I find your lips so kissable  
*Em C*  
And your kiss unmissable  
*G D*  
Your fingertips so touchable  
*Em C*  
And your eyes irresistible

*G D*  
It's in your lips and in your kiss  
*Em C*  
It's in your touch and your fingertips  
*G*  
And it's in all the things and other things  
*D Em C*  
That make you who you are and your eyes irresistible

*G D*  
It makes your lips so kissable  
*Em C*  
And your kiss, unmissable  
*G D*  
Your fingertips so touchable  
*Em C*  
Your eyes irresistible
