Giriş: Em Bm Am C
Em
        Вm
Hush, don't speak
Am
When you spit your venom, keep it shut I hate it
            Вт
Em
When you hiss and preach
Am
                       C
About your new messiah 'cause your theories catch fire
Em
             Вm
I can't find those silver linings
Am
           С
I don't mean to judge
But when you read your speech, it's tiring
Am
Enough is enough
Em
                  Bm
I'm covering my ears like a kid
Am
When your words mean nothing, I go la la la
Em
                        Вm
I'm turning off the volume when you speak
Am
Cause if my heart can't stop it, I find a way to block it
I go
Em
        Вт
La la, la la la...

La la, la la la...

Em
                     Bm
Yes our love is running out of time
                 С
I won't count the hours, rather be a coward
Em
           Вm
When our words collide
I'm gonna drown you out before I lose my mind
Em
             Вm
I can't find those silver linings
