Ε

Here she comes, lady luck again, figure of eight, six and nine again.

A D E

Aaaah, aaah, my lady with the spinning head.

Whatever the deal, she won't let me down Wherever I go, she's always hanging 'round Aaaah, aaah, my lady with the spinning head.

Lady with the spinning head

She's been gone, but I knew she'd back She's got the rent, she'll put me in the black Aaaah, aaah, my lady with the spinning head. Aaaah, aaah, my lady with the spinning head.

I don't mind, she took the weight back off Those pretty dice were rolling off I'm on top when she's around She's been taking me out of town
