Listen up
This is the story on how we lived
The glory of what we did
It started when we were kids
With music up in our heads
She said

Am *C*
I've been out on the edge
G *Am*
Breathin' a little bit of fresh air
Am *C*
Big dreams, I took a chance
G *Am*
Held out for everything I've got here
Am *C*
I've been feeling this life's a circus
G *F*
Hanging on without a fear

Am
Livin' on a high wire
C
Runnin' through a wildfire
G *Am*
You can't shake me, I'm not going nowhere

Am
Walking on a tight rope
C
No net, high hopes
G *Am*
Step back, I'm gonna make it over

Am *C*
Na na na-na-na na na
G *C*
na-na Livin' on a high wire
Am *C*
Na na na-na-na na na
G *C*
na-na Livin' on a high wire

Seeing that the heads are moving
Am
Move off your seat

Achievement is what we're really doing
Am
Freedom of speech

I'm in it just to win it
I'm springin' and I can see it
In the end that you can be it

A# Am G

'Cause it's patience, it's statements Famous greatness

Movin' 'til you make it through
And maybe you can make it too

Piano
Livin' on a high wire
You can't shake me, I'm not going nowhere
Walking on a tight rope
No net, high hopes
Step back, I'm gonna make it over
