      A
You have so many relationships in this life
      D
Only one or two will last
           A
You're going through all this pain and strife
           D
Then you turn your back and they're gone so fast

      A        D

      A        D
And they're gone so fast

           A
So hold on the ones who really care
           D
In the end they'll be the only ones there
           A        D
When you get old and start losing your hair

      A        D
Can you tell me who will still care
      A        D
Can you tell me who will still care
Can you......

A       A

Plant a seed, plant a flower, plant a rose
           D
You can plant any one of those
```

```
       A       D
Keep planting to find out which one grows
     A      D
It's a secret no one knows
     A      D
It's a secret no one knows

No one knows.....

[Repeat Chorus]

         A              D
In an mmm bop they're gone. In an mmm bop they're not there.
         A              D
In an mmm bop they're gone. In an mmm bop they're not there.

       A              D

       A              D
Until you lose your hair. But you don't care.

[Repeat Chorus]

        A              D
Can you tell me? You know you can, but you don't know.
        A              D
Can you tell me? You say you can, but you don't know.
        A              D
Can you tell me (which flower's going to grow?)
you know you can but you don't know
        A              D
Can you tell me (if it's going to be a daisy or a rose?)
you say you can but you don't know
     A      D      A
You say you can, but you don't know
        D      E
You don't know how, you don't know how
