

*D*

Shut the door turn the light off

*A*

I wanna be with you

I wanna feel your love

*Bm*

I wanna be beside you

*G*

I cannot hide this even though I try

*D*

Hard beats harder

Time escapes me

*A*

Trembling hands touch skin

*Bm*

It makes this harder

*G*

And the tears stream down my face

*Bm*      *A*      *D*      *G*

If we could only have this life for one more day

*Bm*      *A*      *G*

If we could only turn back time

*D*

You know I'll be

*A*

Your life, your voice your reason to be

My love, my heart

*Bm*

Is breathing for this

Moment in time

*G*

I'll find the words to say

Before you leave me today

*D*

Close the door

Throw the key

*A*

Don't wanna be reminded

Don't wanna be seen

*Bm*

Don't wanna be without you

My judgement is clouded

*G*

Like the night sky

*D*

Undecided

Voice is numb

*A*

Try to scream out my lungs

*Bm*

But it makes this harder

*G*

And the tears stream down my face

*Bm*

*A*

*D*

*G*

If we could only have this life for one more day

*Bm*

*A*

*G*

If we could only turn back time

*D*

You know I'll be

*A*

Your life, your voice your reason to be

My love, my heart

*Bm*

Is breathing for this

Moment in time

*G*

I'll find the words to say

Before you leave me today

*Bm*

*A*

Flashes left in my mind

*G*

Going back to the time

Playing games in the street

*D*

*Bm*

Kicking balls with my feet

*A*

Dancing on with my toes

*G*

Standing close to the edge

*D*

*Bm*

There's a pile of my clothes at the end of your bed

*A*

As I feel myself fall

*D*

Make a joke of it all
