

*G*  
This girl she came round the corner

*D*  
Looking like a model

*Em*  
Magazine figure

*C*  
She was shaped like a bottle

*G*  
Long straight hair

*D*  
She was fly as a bird

*Em*  
First time ever

*C*  
I was lost for words

*G*  
Felt so right

*D*  
Just couldn't be wrong

*Em*  
Love at first sight

*C*  
If that exists at all

*G*  
I couldn't move

*D*  
Felt like I was stuck

*Em*                      *C*  
And then baby girl looked up

And I said

*G*                      *D*  
Hey there pretty brown eyes

*Em*                      *C*  
Whatcha doing later tonight?

*G*                      *D*                      *Em*                      *C*  
Mind if I spend time with you

And I said

*G*                      *D*  
Hey there pretty brown eyes

*Em*                      *C*  
Whatcha doing later tonight?

*G*                      *D*                      *Em*                      *C*  
Mind if I spend time with you

*G*  
This girl she was a little hottie

*D*  
She knows she's got it

*Em*                      *C*  
Came from the city so she loves to party

*G*                      *D*  
The JT song make her move that body

*Em* *C*  
She's dancing all night long  
*G* *D* *Em* *C*  
Cuz I could tell that she was a wild one  
*G* *D*  
That's why I was shy at first  
*Em* *C*  
But I finally worked up the nerve

And I said  
*G* *D*  
Hey there pretty brown eyes  
*Em* *C*  
Whatcha doing later tonight?  
*G* *D* *Em* *C*  
Mind if I spend time with you  
And I said  
*G* *D*  
Hey there pretty brown eyes  
*Em* *C*  
Whatcha doing later tonight?  
*G* *D* *Em* *C*  
Mind if I spend time with you

*G*  
Spend a little bit  
*D*  
A little bit of time with you  
*Em*  
Spend a little bit  
*C*  
A little bit of time with you  
*G*  
Spend a little bit  
*D*  
A little bit of time with you  
*Em*  
Spend a little bit  
*C*  
A little bit of time with you
