

*Em C*  
You wanted this  
*Em C*  
So sad to see  
*Em C*  
The sweet decay  
*Em C*  
Of ecstasy

*D6 C*  
And you want it all  
*D6 C*  
And you want it all

*Em C*  
A frozen sun,  
*Em C*  
Would guide you there  
*Em C*  
As shadows hide  
*Em C*  
The deep despair

*D6 C*  
And you want it all

*Em C*  
I'll give you something more  
*Em C*  
And you'll fade away  
*Em C*  
One last kiss before  
*Em C*  
You fade away.

*Em C*  
So sleep tonight,  
*Em C*  
In idle dreams  
*Em C*  
The pain will drown,  
*Em C*  
Your silent screams

*D6 C*  
And you want it all  
*D6 C*  
And you want it all

*Em C*  
I'll give you something more

*Em C*  
And you'll fade away

*Em C*  
One last kiss before

*Em C*  
You fade away

*Em C*  
Lives you once adored

*Em C*  
will fade away

*Em C*  
Lies you can't ignore

*Em C*  
You soon repay

*Em C*  
As you fade away

*Em C*  
As you fade away

*Em C*  
As you fade away

*Em C*  
As you fade away

*Em C*  
And you'll fade away
