

Am C G D

Am

Baby baby

C G D

When we first met I never felt something so strong

Am C

You were like my lover and my best friend

G D

All wrapped in one with a ribbon on it

Am C

And all of a sudden you went and left

G D

I didn't know how to follow

Am

It's like a shock that spun me around

C

And now my heart's dead

G D

I feel so empty and hollow

Am C

And I'll never give myself to another the way I gave it to you

G D

You don't even recognize the ways you hurt me, do you?

Am C

It's gonna take a miracle to bring me back

G D

And you're the one to blame

Am

And now I feel like....oh!

C

You're the reason why I'm thinking

G D

I don't wanna smoke on these cigarettes no more

Am C

I guess that's what I get for wishful thinking

G D Am

Should've never let you enter my door

C G

Next time you wanna go on and leave

D Am

I should just let you go on and do it

C G D

Cause now I'm using like I bleed

Am

It's like I checked into rehab

C G D

And baby, you're my disease

Am

It's like I checked into rehab

C            G       D

And baby, you're my disease

*Am*

I gotta check into rehab

C            G       D

Cause baby you're my disease

*Am*

I gotta check into rehab

C            G       D

Cause baby you're my disease
