My head

I said I all I need
Is the air I breathe
And a place to rest
My head

Do you think you can find it?
Do you think you can find it?
Better than you had it
Do you think you can find it?
Do you think you can find it?
Do you think you can find it?
Yeah, better than you had it

I said all I need
Is the air I breathe
And a place to rest
My head

I said all I need
Is the air I breathe
And a place to rest
My head

Whenever the end is
Do you think you can see it?
Well, until you get there
Go on, go ahead and scream it
Just say it
