

F#m (sus)
Blind me
F#m (sus)
Erase what was
F#m (sus)*F#m* (sus)
, I have become

E *F#m*
The feelings I once felt are now dead and gone
E *F#M*
I've waited here for you for so very long

F#m
So empty

Just a shell of a man

, this I understand

E *F#m*
The feelings I once felt are now dead and gone
E *D - E*
I've waited here for you for so very long
F#m *E* *D*
[But], I've waited here for you, so long
F#m *E* *F#m*
[But], I've waited here for you... for you

(guitar solo)

The feelings I once felt are now dead and gone
I've waited here for you for so very long
[Aahh], I've waited here for you, so long
[Aahh], I've waited here for you, so long
[Aahh], I've waited here for you, so long
[Aahh], I've waited here for you...for you
