

*Bm A Em Bm*  
Alduin's wings they did darken the sky  
*Bm A Em Bm*  
His roar fury's fire and his scales sharpened scythes  
*Bm A Em Bm*  
Men ran and they cowered and they fought and they died

*D Em Bm A*  
They burned and they bled as they issued their cries

*Bm A Em Bm*  
We need saviors to free us from Alduin's rage  
*Bm A Em Bm*  
Heroes on the field of this new war to wage  
*Bm A Em Bm*  
And if Alduin wins, men is gone from this world

*D Em Bm A*  
Lost in the shadows of the black wings unfurled

*D A Em Bm*  
But then came the Tongues on that terrible day  
*Bm A Em Bm*  
Steadfast as winter they entered the fray  
*Bm A Em Bm*  
And all heard the music of Alduin's doom  
*D Em D A*  
The sweet song of Skyrim, sky-shattering Thu'um

*Bm A Em Bm*  
And so the Tongues freed us from Alduin's rage  
*D A Em Bm*  
Gave the gift of the Voice, ushered in a new age  
*Bm A Em Bm*  
And if Alduin's eternal then eternity's done  
*Bm A Em Bm*  
For his story is over and the dragons are gone...
