```
C#m  A
I told you I was hurt
        E   G#
Bleeding on the inside
        C#m  A
I told you I was lost
        E   B
In the middle of my life
              A        C#m
There's times I stayed alive for you
              E         B
There's times I would have died for you
      F#              A
There's times it didn`t matter at all

Chorus:
              C#m     A
Will you help find the right way up
          E        B
Or let me take the wrong way down
        A           C#m            B
Will you straighten me out or make me take the long way around
        C#m      A
I took the low road in
          E       B
I`ll take the high road out
        A           C#m            B
I`ll do whatever it takes to be the mistake you can`t live without

Standing in the dark
I can see your shadow
You`re the only light
That`s breaking through the window
There's times I stayed alive for you
There's times I would have died for you
There's times it didn`t matter at all

Will you help find the right way up
Or let me take the wrong way down
Will you straighten me out or make me take the long way around
I took the low road in
I`ll take the high road out
I`ll do whatever it takes to be the mistake you can`t live without

B G#
Well I'm not gonna give it away
Not gonna let it go just to wake up someday
Gooooone, goooone
The worst part is looking back and knowing that
I was wrong
