The following verses and choruses are played the same sometimes with the Guitar riff and the chords, sometimes just chords. If you have two guitars (and two people) play both!!

Shifting the dream  
Nothing could bring me further from rougher tide.  
We're shifting the dream.  
It's charging the sea.  
I know where I marked the signs.

Suffer dreams of a world gone mad  
I like it like that and I know it.  
I know him well, ugly and sweet  
A temper madness who believed in extreme.

That's what keeps me  
That's what keeps me  
That's what keeps me down  
I say they aren't gonna like me  
I say they don't know thier plane  
Never left the ground.

(Chorus) x 1

Lift me, lift me,  
I'll attain my dream.  
I lost myself, I lost the,  
Heartache calling me.

I lost myself in sorrow.  
I lost myself in pain.  
I lost myself in gravity.  
Memory, leave, leave, leave.

(Chorus) x 2

In my hands my eyes are still  
I walk into the sea  
Shoot myself in a different place  
And leave it.

Wait for this to take me,  
It longed for my release.  
Waited for the calling,  
To leave, leave

Leave, leave, leave, leave  
Leavin', Leavin'

*C Am*

Now life is sweet and what it brings I tried to take...

The loneliness, it wears me out, it lies in wait

And all not lost still in my eye, the shadow of necklace across your thigh

I might have lived my life in a dream, but i swear it, this is real

Memory fuses and shatters like glass, mercurial future, forget the past

But it's you, it's what i feel.
