

D *G* *G A D*
In my rear view mirror the sun is going down
D *G G A*
Sinking behind bridges in the road
G *A* *D A G*
I think of all the good things that we have left undone
Em *Bm*
And I suffer premonitions, confirmed suspicions
Em *A D A G G A D D A G G A D*
Of the holocaust to come

The rusty wire that holds the cork that keeps the anger in
Gives way and suddenly it's day again
The sun is in the east even though the day is done
Two suns in the sunset
Could be the human race is run

BRIDGE:

Bm *A Bm*
Like the moment when the breaks lock
Bm *A*
And you slide towards the big truck
A G A D
You stretch the frozen moments with your fear
Bm *A Bm*
And you'll never hear their voices
Bm *A*
And you'll never see their faces
G A D
You have no recourse to the law anymore

As the windshield melts and my tears evaporate
Leaving only charcoal to defend
Finally I understand the feelings of the few
Ashes and diamonds, foe and friend
We were all equal in the end
