

Am
You could be the one in my dreams,
E
You could be much more than you seem,
E Dm
Anything I wanted in life
Am
Do you understand what I mean?

Am
I can see that this could be faith,
E
I can love you more than they hate.
E Dm
Doesn't matter who they will blame,
Am
We can beat them at their own game.

Am E
I can see it in your eyes,
E Am
It doesn't count as a surprise,
Am E
I see you dancing like a star,
E Am
No matter how different we are.

Am G Dm
For all this time I've been loving you,
F G
Don't even know your name,
Am G Dm
For just one night, we could be the same,
F G Am
No matter what they say.

Am
And I feel I'm turning the page,
E
And I feel the world is a stage,
E Dm
I don't think that drama will stop,
Am
I don't think they'll give up the rage.

Am
But I know the world could be great,
E
I can love you more than they hate.
E Dm
Doesn't matter who they will blame,
Am
We can beat them at their own game.
