

Intro: *Am* x4

Am *C*
A blinding flash of white light

G *Am*
Lit up the sky over Gaza tonight

Am *C*
People running for cover

G *Am*
Not knowing whether they're dead or alive

Dm *Am*
They came with their tanks and their planes

Dm *Am*
With ravaging fiery flames

Dm *F*
And nothing remains

C *G*
Just a voice rising up in the smoky haze

F *C*
We will not go down

Am *G*
In the night, without a fight

F *C*
You can burn up our mosques and our homes and our schools

Am *G*
But our spirit will never die

Am *G*
We will not go down

Am
In Gaza tonight

Am *C*
Women and children alike

G *Am*
Murdered and massacred night after night

Am *C*
While the so-called leaders of countries afar

G *Am*
Debated on who's wrong or right

Dm *Am*
But their powerless words were in vain

Dm *Am*
And the bombs fell down like acid rain

G *Am*
But through the tears and the blood and the pain

C *Em*
You can still hear that voice through the smoky haze

We will not go down
