

This is my favorite song from the nimrod album. Check out the chords to "Nice Guys Finish Last", "Uptight", and "Good Riddance", these are my favorites from this album.

Tuning: I think the songs in this album are standard tunings. Usually Green Day is tuned down half-step but I transcribed it in a standard tuning.

No Intro

E5                    B5                    A5                    E5  
B

Another sentimental argument and bitter love.

A5                    E5  
Fucked without a kiss again and  
A5                    B5

dragged it through the mud.

E5                    B5                    A5  
E5                    A5

Yelling at brick walls and punching windows made of stone. the worry rock has

E5                    A5                    B5  
turned to dust and fallen on our pride.

C#5                    G#5                    A5  
E5                    C#5                    G#5

A knocked down dragged out flight. fat lips and open wounds. Another wasted night and no one will take the fall.

E5                    B5                    A5  
E5                    A5

Where do we go from here and what did you do with the directions?

Promise me no E5                    A                    Am
