

*Dm*                    *F*  
We clawed, we chained our hearts in vain  
*C*                    *Bb*  
We jumped, never asking why  
*Dm*                    *F*  
We kissed, I fell under your spell  
*C*                    *Bb*  
A love no one could deny

ön nakarat

*Bb*                    *Dm*  
Don't you ever say I just walked away  
*F*                    *Bb*  
I will always want you  
*Bb*                    *Dm*  
I can't live a lie, running for my life

All you ever did was wreck me  
*Dm Bb*  
Yeah, you wreck me

*Dm*                    *F*  
I put you high up in the sky  
*C*                    *Bb*  
And now, you're not coming down  
*Dm*                    *F*  
It slowly turned, you let me burn  
*C*                    *Bb*  
And now, we're ashes on the ground

I guess I should've let you in
