Your love alone - is not enough not enough not enough

It's what you felt it's what you said what you said what you said

You said the sky would fall on you fall on you fall on you

Through all the pain your eyes stayed Blue they stayed Blue Baby Blue

A Em

But your love alone won't save the world

G D

You knew the secret of the universe

A Em

Despite it all you made it worse

G G

It left you lonely it left you cursed

You stole the sun straight from my heart from my heart from heart

With no excuses just fell apart fell apart fell apart

No you won't make a mess of me mess of me mess of me

For you're as blind as a man can be man can be man can be

I could have seen for miles and miles

I could have made you feel alive

I could have placed us in exile

I could have shown you how to cry

Your love alone is not enough

Your love alone is not enough
